Toc Facts March 2377

Bishop R.E. Altheimer

One of the outstanding religious leaders of the Northwest, Bishop R. E. Altheimer, passed away on March 19th at Tacoma General Hospital after a long illness. Bishop Altheimer was a widely-respected leader who will be missed by all who knew him. He was head of the Church of God In Christ.

Born in 1914 in Rison, Arkansas to Arthur and Lula Altheimer, Bishop Altheimer gave 34 years of service to the church. He was married to Bernice Sims in 1934 and two children were born of that union. He came to Washington in 1943 and after living briefly in Seattle, settled in Tacoma. In 1973 he was ordained Bishop of the Church Of God In Christ in Washington State.

Bishop Altheimer was the recipient of many honors. He was presented the Official Key to the City in 1970. He was a member of the Urban League, the NAACP, the Hilltop Community Center and the Tacoma Ministerial Alliance. He was chairperson of the Board of Directors of Progress House, a rehabilitation center of ex-offenders and drug users.

Bishop Altheimer is survived by his daughter, Clarice Hammond of Tacoma and his son, Ernest Altheimer of Seattle, 12 grandchildren and a host of relatives and friends.

Funeral services will be held Thursday, March 24 at Emmanuel Temple.

Robertson Named Top Sportscaster

Toc Facts March 2377

For the 11th time in the past 14 years, KVI Sports Director Bob Robertson has been tabbed "Sportscaster of the Year" in the state of Washington, by vote of his fellow sports broadcasters and sports writers.

Robertson has been the voice of the Washington State University Cougars on KVI for the past four years, and he broadcasts a full schedule of sports shows and reports on KVI daily.

For the past three years Robertson was the sports announcer for KVI's broadcasts of the Seattle Sounders North American Soccer League games; and this year he will call play-by-play for the Portland Timbers soccer club on KEX, KVI's Golden West Broadcasters sister station in Portland. He will also do four Seattle Sounders games for television on Channel 11 in Tacoma.

He has a nightly sports show on the 10 p.m. news at Channel 11 and a weekly sports program on Channel 13, the Tacoma public television station.

Robertson has called University of Washington football and basketball games on KVI; he was the television voice of Pacific Coast League basketball in Seattle and Tacoma for eleven years; and he was the original voice of the Seattle Totems of the Western Hockey League.

A high school and college football and basketball official for 16 years, Robertson has called play-by-play on virtually every sport.

HUD Appointment Announced

The Department of Housing and Urban Development has appointed Mr. Alvin Hart to the Community Housing Resource Board. The first moniter meeting will be held this month in Tacoma. The meeting will be held with the Equal Opportunity Committee for the Board of Realtors. The purpose is to assess progress and to assist in solving problems relative to the Affirmative Fair Housing Marketing Plan.

Schizophrenia Hospitalizes More Patients Than Cancer

By A. Hart

Schizophrenia hospitalizes more patients than heart disease, cancer and arthritis combined. More than half the total number of mental hospital beds and one-fourth of all hospital beds in the United States are occupied by schizophrenics. The average stay of a schizophrenia patient in a mental hospital is estimated at 15 years.

According to Frank Murray, our nation loses 1 billion a year in earning power, $200 million in federal taxes, and spends $350 million for care and treatment of schizophrenics. Including the cost of private care for non-hospitalized patients, the cost of this disorder comes to $2 billion annually. The real cost is human wreckage - unemployment, poverty, broken homes, degradation, suicide.

Without effective treatment, schizophrenics are condemned to a "twilight" existence between life and death, many spending their lives in mental institutions. We must make every effort to halt the relentless drain on financial and human resources caused by schizophrenia.

NEW TRUSTEE WELCOMES CHALLENGE AT TCC

By Darvi Mack

Dr. Barbara A. Wesley, one of the newly appointed Trustees of Tacoma Community College, feels her new position at the College will prove to be an "interesting experience as well as enabling me to learn more about the Community College System and how it operates." No doubt, with all her educational achievements, she will not only learn more about the Community College System, but will enjoy the challenge.

A member of T.C.C.'s Board of Trustees isn't the only matter that Dr. Wesley has to deal with. She is also running for national office in the Adult Educational Association/U.S.A. and is a Community Lab Placement Specialist at Stadium High School.

Dr. Wesley attended undergraduate school at Briar Cliff in Iowa and Wichita State, her native home. After acquiring her Bachelors and Masters at the University of Puget Sound she continued up the ladder to obtain her doctorate from the University of Massachusettes. Dr. Wesley has taught in California, Clover Park and the Tacoma School District.

A lot of Dr. Wesley's time is spent in National and local involvement in various organizations such as the graduate professional student section, in which she is the Immediate Past Chairperson, the NAACP, NEA, WEA, Washington Continuing Education, Northwest Adult Educational Association, Delta Sigma Theta and is a member of Bethlehem Baptist Church.

Although it seems Dr. Wesley is crowded with activities, she has found-the time for a family and hobbies. Her husband is Mr. James Wesley, supervisor in General Administration in Olympia. They have two sons, Ron and John Wesley. For fun Dr. Wesley enjoys playing tennis, reading, playing birdge and loves traveling.

Dr. Wesley came to Tacoma from Sioux City, Iowa in 1959 with her husband, a positive attitude and a set of golas that could go on forever, and this advice to you: "Be your own person. Known what you represent and maintain a positive attitude about yourself."

Tee & Turf News

By Morgan Giles

The Tee and Turf Golf Club played at Spanaway Golf Course this weekend and the competition was the best nine holes. The low net for the field was turned in by Mr. Moorehead. (Hang in there, Guy.) The other winners were:

FIRST FLIGHT, 0 - 15	SECOND FLIGHT, 16 - 36
1st - A. Winston	1st - G. Harralson
2nd - W. Harris	2nd - R. Porter
3rd - M. Butler	3rd - R. Newman
4th - A. Cunningham	4th - M. Slater
F. Brown	

And for the rest of us, a bad, bad day.

Now for the other activities. Mrs. Drummonds and Mrs. Shepard has a lot of golf balls to give away for the one closest ball to the pin. And what do you know? They've still got all of them except the one Mr. Goodlow got away with. You see, each players pays 50¢ to participate. The money is for a scholarship fund the Tee and Turf Golf Club is working on in the near future. So all of you members, the golf ball will be around again soon. So good luck.

This week hats off to Mrs. Pickens. Hang in there. All of the members are with you. What do you know? Mable got a bird! Go out there and get some more, Mable.

Next Saturday we play at a very good and tight golf course, Capital City. Tee time is 10:00 a.m. All of you that have not signed up and want to play call 472-8507 or 531-7337, and let's have a ball.

Now before we go we would like to extend an invitation to Mr. and Mrs. F. Beaver to play with the Tee and Turf Golf Club next Saturday (if you are game). Let's all get out there and have a good time. See you on the first tee.

Home Rehabilitation Loans Available

The City of Tacoma has notified residents of two more Tacoma neighborhoods that they may be eligible for low interest, home rehabilitation loans.

The long term loans at 3 per cent interest are available to low and moderate income homeowners in selected neighborhoods. The loans are used to repair homes to meet the city's Minimum Housing Code.

The two areas added to the Neighborhood Preservation Program are census tract 618 (from Interstate 5 on the north and west to G Street on the east and S. 38th Street on the south) and census tract 629 (from s. 43rd Street on the north to the city limits on the south and from Pine on the east to Union Avenue, Puget Sound Avenue or S. Tacoma Way on the west).

The Neighborhood Preservation program and the Urban Homestead Program are the Community Development Department's major efforts to provide decent housing for Tacoma. The major objective of the Housing and Community Development Act of 1974 is to provide decent housing, liveable neighborhoods and economic opportunities, principally for low and moderate income citizens.

To qualify for the low interest loans, an applicant must meet income guidelines, live in the selected areas, have owned and lived in the home for at least a year, and be able to repay the loan. The income guidelines are:

family size	family income
1	$ 8,200
2	9,400
3	10,500
4	11,700
5	12,400
6	13,200
7	13,900
8	14,700

The other areas eligible for the program are census tract 612 (from 6th Avenue on the north to S. 19th on the south and from Union Avenue on the west to State Street on the east) and census tract 625 (from s. 38 th Street on the north to S. 56th Street on the south and Interstate 5 on the west to Park Avenue on the east).

Interested persons can apply for the program by calling the Community Degelopment Department housing unit at 593-4660.

The Municipal Authority, a public corporation, makes the loans from Community Development funds and selects a contractor for the work through a bidding process. The authority can loan up to $12,000 to qualified homeowners. Repayment schedules are designed to fit the budget of the individual applicants, making home improvement possible for manh low and moderate income families. The Municipal Authority has recently acquired the option of refinancing an existing mortgage if that procedure would make the loan possible for an applicant.

The Community Development housing unit also offers a variety of other housing related services such as counseling, landlord-tenant act information, and rehabilitation advice.

Funds may also be available for low interest loans in the areas where the Urban Homestead Program is operating. Any loan funds not needed to rehabilitate the Homestead properties can be loaned to other homeowners in the areas who want to rehabilitate their homes.

ONE OF THE most discouraging things about our government is the failure to learn from experience. Well-intentioned but uninformed people keep forcing us to make the same mistakes over and over.
